User Profile Screen:

The image shows a user profile screen in a web application. At the top, there is a search bar labeled "Search Product..." and a "Become Seller" button. Below this is a navigation bar with links: Home, Best Selling, Products, Events, and FAQ. On the left, there is a sidebar menu with options: Profile (selected), Orders, Refunds, Inbox, Track Order, Change Password, Address, and Log out. The main content area displays the user's profile information. It includes a circular profile picture placeholder with a camera icon. Below the picture are three input fields: "Full Name" (containing "tran duc peter"), "Email Address" (containing "tdtung22@clc.fitus.edu.vn"), and "Phone Number" (containing "123456789"). There is also a "Password" field with the label "Enter your password" and a value of "123456789". An "Update" button is located at the bottom of the form.

- **Purpose:**
 - This screen allows users to view and edit their personal information.
- **Content Displayed:**
 - A profile picture is displayed on the right side, with an option to change it by clicking on the camera icon.
 - Personal information fields include full name, phone number, and email address. Users can update their information by entering data into the corresponding fields.
 - A navigation menu on the left includes options: Profile, Orders, Refunds, Inbox, Track Order, Change Password, Address, and Log out.
- **How Users Can Use It:**
 - Users can navigate between different functions using the left-hand menu.

- To update personal information, users enter data into the fields and click the "Update" button to save changes.

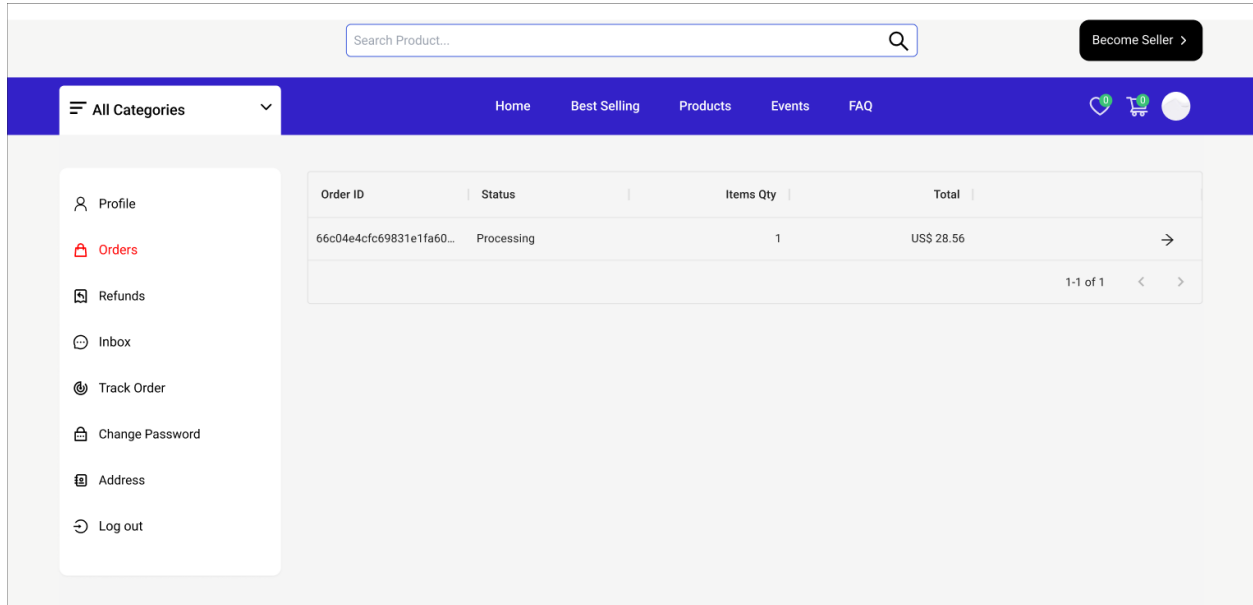

1.1 Inbox Screen

- **Purpose:**
 - This screen allows users and sellers to communicate with each other.
- **Content Displayed:**
 - On top of the screen there is an icon representing the shop / person that the current user is communicating with.
 - On the bottom of the screen, there is a place for the user to type text or send pictures to the recipient.
 - The message of the current user is displayed on the left side of the screen with black boxes, while the message received from another person is on the right side of the screen with green boxes.
 - There is an arrow button on the top right corner of the screen so that the current user can go out of the inbox function.
- **How Users Can Use It:**
 - Users can type text to send to another user at the bottom of the screen, where the white rectangle box with the text "Enter your message".
 - To send a picture to another user, the current user can click to the button representing a picture at the bottom left corner of the screen.

- To actually send something, you can press “Enter” on the keyboard or you can click on the button at the bottom right corner of the screen.

1.2 Orders Screen

- **Purpose:**

- This screen allows users to view and manage their order history, including details of past and current orders.

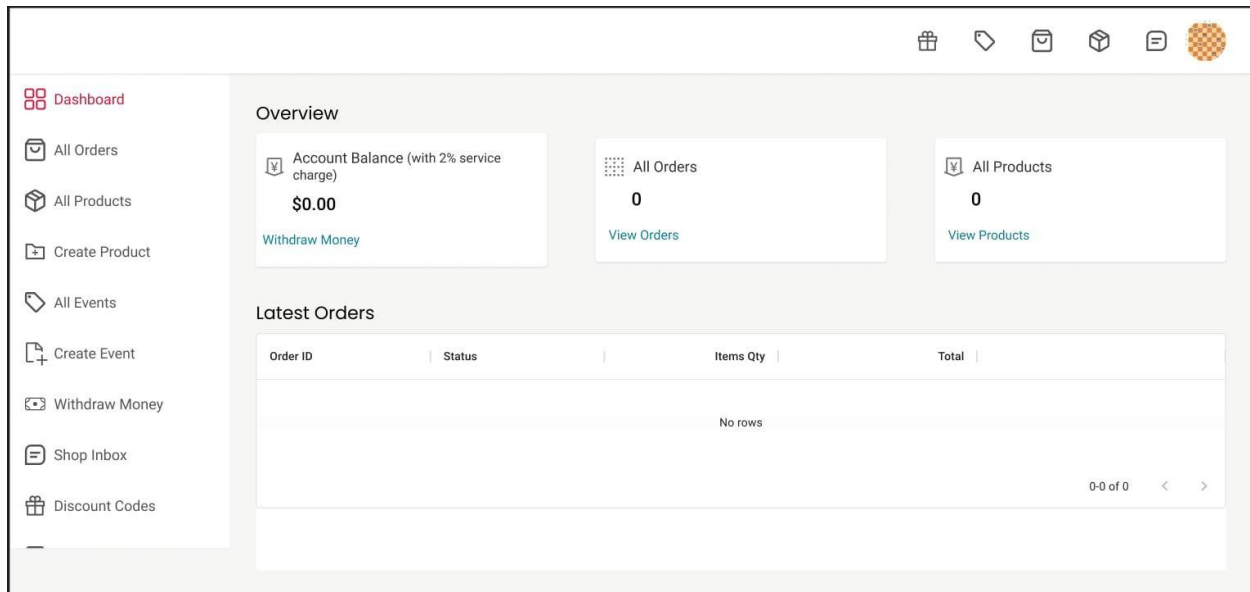

- **Content Displayed**

- A list of all user orders is shown, with each order displaying key details such as Order ID, Status, Items Quantity, and Total Price.
- The screen may include filters or sorting options, allowing users to organize their orders by date, status, or other criteria.
- Each order entry typically has an option to view more details, such as the items purchased, shipping information, and payment method used.

- **How Users Can Use It:**

- Users can scroll through their order history to review past purchases.
- By selecting an order, users can view more detailed information about that specific order.

1. Seller Dashboard Screen:

- **Purpose:**

- Provides sellers with an overview of their account activities and business operations.

- **Content Displayed:**

- An account overview showing the current balance, the number of orders, and the number of products listed.
- Latest orders are displayed at the bottom of the screen.
- A navigation menu on the left includes options: Dashboard, All Orders, All Products, Create Product, All Events, Create Event, Withdraw Money, Shop Inbox, and Discount Codes.

- **How Users Can Use It:**

- Sellers can manage their business activities through the options in the left-hand navigation menu.
- To view details or perform actions such as withdrawing money, creating a new product, or event, the seller simply selects the corresponding option.
